

NON-HALOGEN FLAME RETARDANTS

EQUIPMENT MANUFACTURER

KITCHEN EXTRACTOR HOODS

AVIENT SOLUTION

Maxxam™ FR Flame Retardant Polyolefin Formulations – NHFR Series

WHY AVIENT?

- Provided a non-halogenated solution while increasing the performance of the formerly used halogenated grade
- Supported the project with various expertise in design (Avient Design), regulatory and technical support
- Helped to reduce the system cost and make our customer more competitive in the market
